## **Dear Brothers and Sisters in Christ,**

Thank you once again for taking a few minutes to read through this letter and hear more about what all is going on around here. We earnestly covent your prayer for what all is happening during this time.

## **Light Baptist Church Building Update:**

Several months ago we attempted to start on the building of the new Light Baptist Church building. For various reasons those efforts were heavily thwarted. Once we were finally able to start, the progress on the building has been AMAZING! All I can say is that "little is much, when God is in it".

The building project is going well and we can not say THANK YOU enough, for the offerings which have gotten us this far! We are getting ready to start on the roof at this point after which we expect the funds to be exhausted. This is not necessarily due to miscalculation of the budget as much as it has to do with the 45% overnight hike in prices which took place recently without notice. Everyone in Malawi who has a phone got a message saying that fuel and goods are increased by 45% effective immediately. We are not worried, we are trusting the Lord to provide for his work according to his will. As of now, we expect that we will need around \$14,000 more to finish the building. In spite of the financial setbacks, I remain super excited about this building because the core men who are leading this church have been faithful to me and to the Lord's ministry for over 10 years. In many ways, this will be a time when their faithfulness which has been in secret will be rewarded openly. Thanks for your continued prayer and support in this area.

## **Bible Institute (Chitipa) Graduation "Round One"!**

Over the years, our Bible Institute has adapted to become "available" to anyone who is dedicated and faithful enough to go through the classes. Part of what this means is that we provide regionalized classes to groups all over the north of the country. Based on the principle of Galatians 6:6, It is my desire to have ALL of our ministries to eventually become self-sustaining, and while we do have a "fee" as one of the requirements, for now, we are still in the phase of applying 2 Corinthians 11:8. The reality is that 100% of the costs for the Bible Institute still come directly from our support and in essence from what YOU send. The battlefield in "the Chitipa theater" has been costly but because of the grace of YOUR giving, we have managed to complete our first round of efforts in that remote location. I want to thank you for enabling us to do so. Out of the twenty-five students who graduated eight of them are inquisitive as to how we can work together to

start some Independent Baptist Churches in their respective areas. Although thus far, only one IBC has been started in that region, we are very excited about these prospects of potential ministries. Please remember that we NEED your prayer as we must be sensitive to the leading of the Lord in these things.

### **Campaigns For Christ 2022 Evangelism**

We are very excited to have brother David Darling coming over with his group of volunteers to help us pass out 100,000 copies of John and Romans along with 100,000 invitations to attend scheduled preaching meetings. Simply put, we need prayer. This is not the kind of thing that usually happens twice in any given town, let alone Mzuzu Malawi! This is going to jolt this little town for sure and we believe it is going to be an amazing opportunity for folks to get saved. Please pray for the Lord to fill the preachers and the preaching. Pray that those souls who have been convicted of their sin would yield to the drawing and wooing of the Holy Spirit. Pray that some of the other christians in the area would see the good work. Pray that some would decide to separate from their apostate ministries and get themselves into Bible Believing Independent Baptist Churches around Mzuzu and get rooted and grounded as they ought to. Pray for physical safety and that the powers that be would not hinder in any way. Pray Pray Pray!
